(1-20-2017) Consultant is in the process of gathering data to form the basis of the hydraulic model. Data includes GIS information, manhole survey, flow monitoring and rainfall data, population, parcel, water consumption, and etc. The initial hydraulic model network development effort will take approximately 2 months. Development of existing model loads will follow after the completion of the network. (3-10-2017) Staff received water usage data from Purissima Water District and Cal Water. (3-31-2017) One of the data the master plan consultant needs prior to loading the network is data for the manholes along the selected trunk line. To date, 225 out of 286 manholes have been surveyed. The manhole survey effort has been much more difficult than anticipated due to most of manholes survey have been under heavy tree shades which prevent GPS satellites reading. Staff is facilitating this effort by locating the remaining manholes in advance of the survey work. (6-16-17) Staff had a milestone meeting with the master plan team. In short, the dry weather flow was been calibrated and the wet weather flow calibration is in progress. The team discussed some anomalies found during the model calibration, steps taken to address them, and information needed to further refine the model, which is based on water consumption data.</p>

20	Evaluation of Cut Through Commuter Traffic Method - Waze	AC	(11-10-2016) Waze is popular traffic mobile application that provides navigation guidance by combining real time traffic reported by users. When the first Waze-enabled car finds its way to a promising shortcut, thousands can follow. Recently, staff received complaints from residents about Waze directing traffic to Town streets such as Purissima, Robelda, Elena Roads. Staff will initiate contact with Waze and request removal these three streets from their alternate routing list for I-280. (1-6-2017) Staff has successfully contacted Waze and participated with Waze's Connected Citizen Program (CCP). CCP will enable the Town to exchange data (traffic) with Waze and potentially to influence Waze's routing algorithm on route traffic to Town's local streets (1/13/2017) Staff continues to participate Waze's Connected Citizen Program. (5-19-17) "No Thru Traffic" signs were installed at three City boundary locations (Fremont Rd, Purissima Rd, and Arastradero Rd). Staff will request Waze to modify its routing algorithm for routing pass through vehicles through the Town. (5-26-17) Staff requested Waze to revise it's maps for routing NOT through Town's local streets. Waze has complied with the Town's request as of 05/24/2017.
